

HEALTH LITERACY COURSE WITH NO PROJECT

Become a health literacy change agent!

Get key knowledge through eLearning, webinars

Discuss, practice skills & problem-solve in workshops

Apply your knowledge through a project at your work

Present project outcomes to your leaders

What you'll learn and practice

- **Consumer participation** - plan with your clients to better meet their needs
- **Plain language** for spoken & written communication
- **Increasing access** to your services in person, online & over the phone
- **Organisational health literacy** strategies to support all of these things

Your time commitment

8 hours	Self-paced eLearning modules, webinars
~20 hours	Project to apply what you learn
1-3 hours	Meetings/workshops for Project supervision and to practice health literacy skills
